

Curriculum Vitae

Hans Erik Henriksen

Name: Hans Erik Henriksen

Position: CEO, Cetrea A/S

Telephone: +45 23314256

E-mail: heh@cetrea.com

Date of birth: 17.02.1960

Work country: Denmark

Summary: Mr Henriksen is CEO of the company Cetrea A/S, which provide solutions for realtime clinical coordination and communication in hospitals

Before joining Cetrea, he was responsible for IBM Healthcare and Life Sciences in the Northern and Eastern part of Europe (the countries U.K., Ireland, South Africa, Germany, Austria, Switzerland, the Nordic Countries and Central and Eastern Europe).

He has a 15 year background in Healthcare Informatics, working with both Consulting engagements, IT application development, IT integration and IT implementation in Healthcare.

Working as a healthcare IT-consultant he was responsible for establishing the IBM Denmark healthcare solutions portfolio in the mid 1990's, including the IBM EPR system currently installed in a number of Danish hospitals. In doing this he also participated in a number of international (European and Worldwide) IBM healthcare architecture and solution projects.

Working outside IBM for 4 years, he managed a team which developed an Electronic Patient Record system from scratch. He also participated on executive level in governance of advanced Healthcare Informatics projects with the Danish authorities.

He re-joined IBM in 2001 as a healthcare principal, being responsible for IBM Denmark solutions and services within healthcare. From 2003 as Healthcare Industry Leader, Nordic with responsibility for IBM healthcare solutions and services for the Nordic Countries.

During 2004 Mr. Henriksen was also responsible for the aquisition of the Healthcare-IT company ACURE, which is a leading company in e-health and Government health-IT solutions, and he served as executive and member of the ACURE board of directors until 2006.
